

Join Ms. Brooke in the Happy Heart Hunt Challenge!

During the COVID-19 pandemic let's spread love, kindness, and positivity to the world! You can even shape your hearts to fit our **SPACE** theme!

It's easy to do!

1. Cut out hearts of any size on any material you have at home (craft paper, cardboard, newspaper, fabric, etc)
2. Decorate your hearts with a positive message or color a picture on it
3. Tape your heart in your window (facing the street) to show love to all who drive or walk by
4. Go on a safe (keeping 6 feet distance from others) family walk to see how many other houses you can find with happy hearts!
5. For the chance to win a **FUN PRIZE**: Take photos of the hearts you see, or even better, show us your creations by sending them through our e-mail: marketing@bgcgb.org
